YT235/235C
35.5 HP* DIESEL TRACTOR

Image Shown May Contain Optional Equipment

Looking for something that can handle larger and tougher tasks, look no further than the Yanmar YT235/235C. Comfortable and easy to operate, the YT235 packs the power you'd expect from a much larger machine. When the job requires you to work, regardless of the climate or weather conditions, the YT235C with a fully enclosed climate controlled cab.

INNOVATION

SPECS

SLEEK NEW LOOK. NOW IN RED.

This tractor is built for the people who share our passion for the land and believe in working that land the right way. Not only is it built with a powerful, fuel-efficient engine to work all day, its sleek design is engineered for comfort and efficiency. Now in red. The color of passion. Because when it comes to a love of the land, we know you're not alone.

BUILT TOGETHER TO WORK TOGETHER.

Yanmar makes all the major drivetrain components — the engine, transmission and axles — in-house. And because they're made together to work perfectly together, you get a hardworking machine with more useable horsepower, less power loss and a smoother, more comfortable ride. We call it Performance Link Technology™. You'll quickly appreciate it as a tractor designed to work as hard as you do.

COMFORT AND PRODUCTIVITY BUILT RIGHT IN.

A large, comfortable operator's station provides easy access to all controls. The hydrostatic transmission, with convenient side-by-side pedals for simple forward/reverse operation, provides multiple range options to get the job done regardless of terrain or the implement you're using. And, smooth hydraulic power steering delivers no kickback in the steering wheel for less operator fatigue. It's a tractor the whole family can operate.
